

OVERVIEW

The Trijicon ACOG (Advanced Combat Optical Gunsight) is a fixed magnification riflescope with an illuminated reticle pattern for use in bright to low/no light. The ACOG is designed to be extremely durable and reliable. Combining traditional, precise distance marksmanship with CQB speed, many variants include a bullet drop compensated (BDC) reticle. Every feature of its design was chosen for a single purpose: to provide increased hit potential in all lighting conditions.

➤ **BATTERY-FREE ILLUMINATION**

Most ACOG models feature a tritium / fiber optic illuminated reticle that automatically adjusts the brightness based on available light.

➤ **RUGGED ALUMINUM-ALLOY HOUSING**

Forged 7075-T6 aircraft-aluminum-alloy housing provides for a nearly indestructible sighting system.

➤ **BOTH EYES OPEN DESIGN**

The ACOG can be used as a CQB sight when shooting both eyes open utilizing the Bindon Aiming Concept (see pg. 6).

➤ **SUPERIOR QUALITY GLASS LENSES**

Multi-coated lenses provide superior clarity and light gathering capabilities with zero distortion.

➤ **FIXED MAGNIFICATION**

Less moving parts than a variable optic equals more durability. Seven magnifications available: 1.5x, 2x, 3x, 3.5x, 4x, 5.5x, and 6x.

➤ **BULLET DROP COMPENSATING & RANGING RETICLES**

Available in most models.

➤ **COMBAT PROVEN**

No other magnified optic has been used more in combat than the ACOG.

➤ **SHOCK-RESISTANT**

Proven to withstand recoil from a .22LR to a .50BMG and everything in between. Easily passes U.S. Military drop test requirements.

➤ **WATERPROOF TO 100 METERS (328 FT.)**

Dry-nitrogen filled to eliminate fogging. Five times more waterproof than military standard requirements.

➤ **LIMITED LIFETIME WARRANTY**

Tritium lamp is warranted to illuminate for 15 years on fiber optic scopes and 10 years on non-fiber optic scopes.

"I can't speak highly enough on this scope. It has been strapped to my leg through 37 airborne operations, 7 Fast Ropes in the mountains of the Korengal Valley and hundreds of combat patrols with zero failure. Thank you for such a great product."

— Staff Sergeant
Donovan Burson
Pathfinder Company

4x32 LED ACOG®

➤ **POWERED BY A SINGLE AA BATTERY**

Over 12,000 hours on setting 4 of 6 with supplied alkaline battery at 70° F (21°C).

➤ **ADJUSTABLE BRIGHTNESS CONTROLS**

Six settings with an off in-between each setting.

➤ **LIMITED LIFETIME WARRANTY**

Electronics are warranted for 5 years from date of original manufacture.
