

2103-H/2105-H METAL HANDCUFFS

Model 2103-H: Nickel Plate finish

Model 2105-H: Black finish

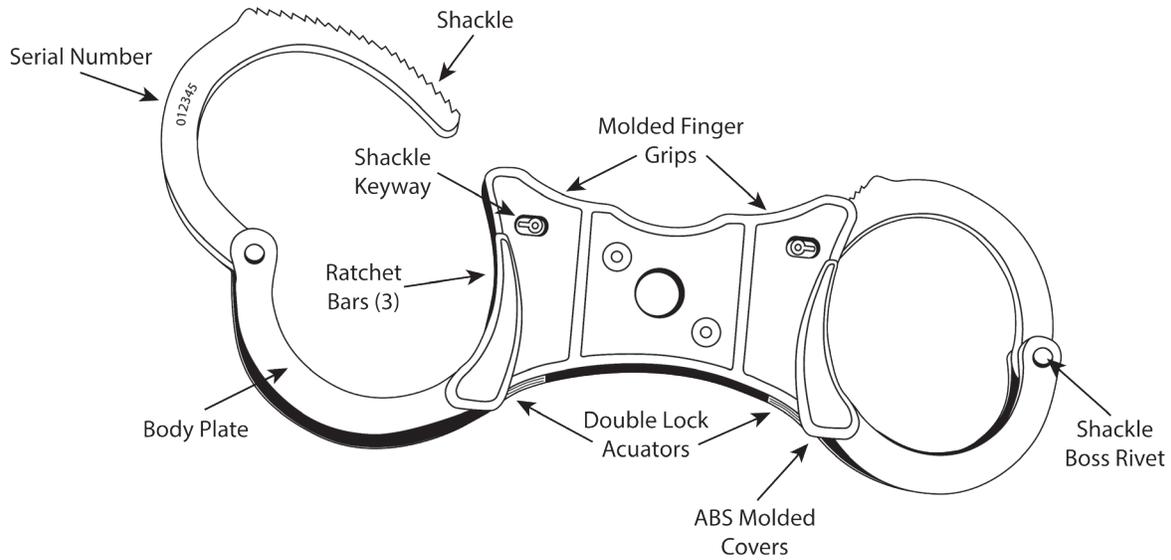

**ADDED POWER
AND CONTROL**

2103-H/2105-H METAL HANDCUFFS

The HIATT® Rigid Handcuffs are made with top quality, heavy-duty, steel construction and offer added power and control that can only come from a solid bar rigid design. The 18-tooth, 3-retaining-bar system offers uncompromising security and a positive swing-through action. The Rigid Handcuffs have built-in backloading for fast cuffing, and reinforced steel swivels for added strength and durability.

FEATURES

- Fast back-loading allows open cuff to be snapped back into place and reapplied without releasing offender's hand
- 18-tooth, 3-retaining bar system provides increased strength
- Swing arm is balanced and centered to lock into center of shackle every time
- Available in Nickel Plate or Black finish

2103-H/2105-H METAL HANDCUFFS
