

MODEL TSK328C TASK HEAVY SOGL LT GLOVES

*LIGHTWEIGHT WITH
HEAVY-DUTY PROTECTION*

TSK328C TASK HEAVY SOGL LT

The Task Heavy SOGL LT gloves are perfect for lightweight, everyday use by law enforcement, SWAT and military personnel. The TSK328C has all the same features as the SOGL version, including articulating knuckle protection, but the LT model features a poly mesh material on the back of the hand for lightweight breathability. A hinged EVA foam knuckle rotates with user movements for comfort and dexterity.

The Ergo-Cut™ Floating Thumb design allows the hand to maintain its natural relaxed curvature, putting less strain on tendons and skin. Hatch's Cut-Ring index finger for trigger control, articulated strap for adjustability, all-soft flexible cuff and touchscreen technology are additional hallmarks of the Task Series line. The Z-pattern reinforcement with EVA foam shock absorption strengthens the palm.

PATENTED

FEATURES

- Soft and lightweight, breathable stretch material on back of hand
- Hinged EVA foam knuckle for shock absorption and maximum dexterity
- Patented Z-pattern palm reinforcement with EVA foam shock absorption
