

# MODEL TSK330C TASK HEAVY SOGHK LT GLOVES

## LIGHTWEIGHT HARD KNUCKLE PROTECTION

### TSK330C TASK HEAVY SOGHK LT GLOVE

The Task Heavy SOGHK LT are hard knuckle gloves specially for law enforcement, SWAT and military applications when flash protection is not needed. The back of the hand features a lightweight poly mesh material for breathability and comfort. The patented Z-pattern palm reinforcement includes EVA foam shock absorption for protection. This lighter version of the Task Heavy SOGHK gives the user all the general features and the extra protection of an articulating hard knuckle glove at an attractive price.

Hatch® touchscreen technology is embedded into the knuckle of the middle finger. Other key features of this model include Hatch's index finger Cut-Ring for trigger control, ensuring no unraveling when tip is removed, and the Ergo-Cut™ Floating Thumb design, allowing the hand to remain in a naturally relaxed position, resulting in greater comfort and improved dexterity.

PATENTED

### FEATURES
